

The Hope Fund for Critical Financial Assistance

The Hope Fund for Critical Financial Assistance will provide financial relief to all eras of military and veteran caregivers through grants that aim to put military families on the path to financial wellness. These grants provide high-impact financial assistance to prevent or address a significant crisis or to improve the quality of life of the caregiver family. This financial relief fills the gaps that other programs may not cover, such as medical bills, natural disaster assistance, emergency transportation for appointments, or loss of income.

Caregivers who would benefit from assistance are strongly encouraged to apply. Please do not suffer through hardship when help is available.
