**Subject:** Willowbrook Development

Shawn and Trevor, I understand you all will be considering the Willowbrook Development proposal in the near future. This project will include a PGA tour caliber golf course designed by Tom Weiskopf. A course of this quality will draw avid golfers throughout the region (including mediocre players like me) and has the potential to attract professional tournaments. I believe that a course of this quality would be an economic and reputation benefit to the city of Star.

While I certainly do not understand all of the issues that you will be considering in approving this project, on the basis of the quality of the proposed golf course, which could potentially become nationally ranked at some point, I would like to recommend the project.

Thanks,

Gary
